- Adjustment nuts (M10) ..................... 4
- Square washers ............................... 16
- Spring washers (M10) ...................... 8
- Washers (M10) ................................. 16
- Hex bolts (M10 × 140) ..................... 4
- Hexagonal nuts (M6) ......................... 8
- Adjustment nuts (M10) ..................... 4
- Square washers ............................... 16

**Caution:**

- Mounting should be done by a qualified technician.
- Make sure that the mounting (ceiling) area has sufficient strength.
- Read the enclosed mounting instructions thoroughly before starting.
- Do not use an electric screwdriver or impact driver to tighten screws. Use a torque driver or hexagon torque wrench and tighten screws to the torque specified in the instructions.
- When the product is no longer going to be used, have it disposed of quickly by a professional disposal service.
