

SKU: FZ-VPGG11M

EVERYTHING YOU NEED TO PROCESS PAYMENTS IN ONE SIMPLE UNIT

A simple and ergonomic solution that allows your business to accept payments anywhere. From the field, the table, to the counter, or anywhere on the go.

The Panasonic FZ-G1 Payment Attachment sleeve provides a user-friendly design to hold a FZ-G1 10-inch tablet and a Verifone e355 payment device in one convenient unit. This integrated payment solution holds both devices securely in a single holder without limiting access to either device. With separate "Quick Release" buttons, the payment attachment sleeve provides easy removal of the 10-inch tablet as well as easy removal of Verifone e355. The dual-facing functionality offers multiple use cases for streamlined customer interaction and payment acceptance.

With multiple payment acceptance options of EMV, MSR, NFC/CTLA available on the e355, payment with the FZ-G1 has never been easier. The FZ-G1 Payment Attachment comes equipped with a versatile shoulder strap offering multiple carrying options to facilitate various payment acceptance scenarios.

The Panasonic FZ-G1 Payment Attachment sleeve helps you stay prepared for every sales opportunity and keeps your workspace clutter free and mobile.
