

## KV-SSM100 NETWORK SCANNER SOLUTION

Simplify the electronic distribution of your paper documents across your organization. When combined with a Panasonic document scanner, the KV-SSM100 is designed to create a centralized network scanning solution which is scalable to meet your document management needs. The perfect solution to improve productivity and create efficiencies when implementing a digital document solution.

### FLEXIBLE / SCALABLE DESIGN

The KV-SSM100 is a universal network scanning appliance that can connect to any Panasonic document scanner. The flexibility of the KV-SSM100 allows businesses to select the best-suited scanning device to meet daily scan volumes. Best of all, the KV-SSM100 is scalable for growing document management needs. As your scanning volumes increase, simply swap out your scanner for a higher volume scanner with zero re-configuration needed. The built-in Intel® Core i5 processor ensures there are no bottlenecks when scanning, even when outputting your documents as text-searchable PDFs.

### FEATURE RICH FUNCTIONALITY

The KV-SSM100 includes all the core scan and send features that any business needs. Once installed and configured, documents can route to a shared network folder, FTP Server, email address, network printer, Bluetooth enabled Android device or electronic fax server.

### SECURE DOCUMENT SCANNING

With the KV-SSM100, you can rest assured that your confidential information is secure. While there is a hard disk included as part of the design, there is no ability to store documents on the device. The operational design only allows scanned image data to pass through the random access memory and output to the desired destination. For even greater security, all Panasonic scanners include auto erasure security which means all image data purges from the scanner once it passes onto the KV-SSM100.

### DEVICE SECURITY & ADMINISTRATION

The embedded web administration page of the KV-SSM100 allows administrators to remotely manage and configure the device. Designed for today's businesses, the KV-SSM100 includes all the latest security protocols like SMTP Authentication for secured email transmissions, Local/Network Domain User Authentication for device access control, user access auditing and more.

### ADVANCED DOCUMENT / IMAGE PROCESSING

Beyond document scanning, the KV-SSM100 offers a variety of image processing features to optimize output image quality. Features include Automatic Rotation, Auto Cropping, Deskew, Noise Removal, Hole / Border Removal, Long Paper Support, Mixed Size Originals, Batch Scanning and more. Designed for modern day ECM applications, the KV-SSM100 offers a wide range of output file formats like TIFF, PDF, Searchable PDF, JPG and PNG.

### CUSTOMIZATION

A software development kit for the KV-SSM100 is available upon request. Panasonic also offers advanced customization and development services. These services include customer specific user interface enhancement or 3rd party application integration to provide the best possible solution.

## KV-SSM100 NETWORK SCANNER SOLUTION

### SPECIFICATIONS

<b>CPU</b>	Intel® Core™ i5-4302Y vPro™ Processor – 1.6GHz with Intel® Turbo Boost up to 2.3GHz – 3MB Cache
<b>Storage &amp; Memory</b>	8GB SDRAM (DDR3L-1333MHz) <sup>1,2</sup>
<b>Display</b>	7" WXGA 1280 x 800 with LED backlighting 10-point capacitive multi touch daylight-readable screen
<b>Keyboard &amp; Input</b>	10-point multi touch – Supports gloved touch and gestures and capacitive stylus pen – Stylus pen with integrated holder in rotating hand strap – On-screen QWERTY keyboard
<b>Interface</b>	Docking connector: 24-pin USB 3.0 (x 1): 4-pin
<b>Docking Station</b>	Ports – SuperSpeed USB 3.0 (2) – VGA – HDMI – RJ-45 – Serial
<b>LAN</b>	Gigabit (10/100/1000) LAN Ethernet
<b>Wireless</b>	Intel® Dual Band Wireless AC7260 Wi-Fi 802.11a/b/g/n/ac Bluetooth® v4.0 (Class 1) + EDR
<b>Power Supply</b>	Li-Ion battery pack: – Standard battery: 7.2V, typical 3220mAh, minimum 3120mAh Battery operation <sup>3</sup> : – Standard battery: 8 hours
<b>Power Management</b>	Standby
<b>Security Features</b>	Kensington cable lock slot
<b>Warranty</b>	3-year limited warranty, parts and labor
<b>Dimensions &amp; Weight<sup>4</sup></b>	7.98"(L) x 5.20"(W) x 0.71"(H) 1.2 lbs.
<b>Supported Scanners</b>	KV-S1015C, KV-S1025C-S, KV-S1026C, KV-S1026C-MKII, KV-S1027C, KV-S1027C-MKII, KV-S1046C-H, KV-S1057C, KV-S1057C-MKII, KV-N1028X, KV-N1058X, KV-1065C-H, KV-S2087, KV-S5046H, KV-S5076H, KV-S4065CW, KV-S4065CL, KV-S4085CW, and KV-S7075C, KV-S7097, KV-S8127, KV-S8147

Please consult your reseller or Panasonic representative before purchasing.

Caution: Do not expose bare skin to this product when handling this unit in extreme hot or cold environments.

<sup>1</sup> 1GB = 1,000,000,000 bytes.

<sup>2</sup> Total usable memory will be less depending upon actual system configuration.

<sup>3</sup> Approximate time. Battery performance features such as charge time and life span can vary according to the conditions under which the computer and battery are used.

Battery operation and recharge times will vary based on many factors, including screen brightness, applications, features, power management, battery conditioning and other customer preferences. Battery testing results from MobileMark 2007.

<sup>4</sup> Length measurements do not include protrusions or configurable options.

### SCAN TO FEATURES

- Scan to FTP / Shared Network Folders
- Scan to Email
- Scan to Fax
- Scan to Bluetooth® (Android-based devices only)
- Scan to Printer

### DOCUMENT / IMAGE PROCESSING

- Simplex/Duplex Scanning & Optional Flatbed Support
- Auto Rotate / Auto Crop
- Deskew / Despeckle
- Hole / Border Removal
- Double-Feed / Staple Detection
- Long Paper Mode Support
- Batch Scanning

### SUPPORTED FILE TYPES

- Uncompressed TIFF
- JPEG TIFF
- Multipage TIFF
- JPEG
- PNG
- PDF
- Searchable PDF

### SECURITY & DEVICE MANAGEMENT

- Domain Network Authentication / Local User Management
- Remote Administration
- Local Device Address Book (LDAP)
- Built in Auditing
- Auto Document Erasure
