### Performance

**Scanning Speed**
- Simplex: Up to 120 ppm
- Duplex: Up to 60 ppm

**ADF Capacity**
- Simplex: 330 Sheets: 21 lbs. (80 g/m²) A4, A3

**Document Size**
- ADF Minimum: 1.9 × 2.75 in. (48 × 70 mm)
- ADF Maximum: 12.1 × 220 in. (307 × 5,588 mm)

**Weight**
- 5.2 lbs. - 56 lbs.

**Interface**
- USB 3.2 Gen1 (backward compatible), LAN (10Base-T / 100Base-TX / 1000Base-T)

As an ENERGY STAR® partner, Panasonic has determined that this product meets the ENERGY STAR guidelines for energy efficiency.

- ENERGY STAR and the ENERGY STAR mark are registered U.S. marks.
- ISIS is a registered trademark or trademark of EMC Corporation in the United States and other countries.
- Windows, Windows Vista, Windows Server and Internet Explorer are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
- All other brand or product names are the property of their respective holders.

- Professional Installation, Next Business Day Onsite & Pre-Tech Care Services available
Panasonic KV-S5078Y Document Scanner

High-speed Scanning Performance

Quiet Operation
The robust paper feed mechanism of the KV-S5078Y generates minimal noise during operation. Compared to its predecessor, the KV-S5078Y has an operating noise of 55 dB or less and provides a quieter and more comfortable operating environment.

Faster startup time*  
2.6 seconds vs 5.4 Seconds  
208% faster than previous model  
* The time it takes for the scanner to start up after the Start button is pressed.

Onboard Network Scanning
Panasonic’s first A3 Network Scanner with Integrated Gigabit Ethernet. Easily centralize high volume scanning applications, without the need of an external PC to operate.

Scan-to-Shared Folder/FTP/Email/PC/Cloud
- Pull scanning can be performed over a local area network using Image Capture Plus.
- Common scanning tasks can be automated via the job button on the control panel.
- Common scanning jobs can be easily created via the built-in network administration page, this allows documents to be scanned to a variety of network destinations.

Superior Image Quality
The high-performance 3-line CIS (Contact Image Sensor) delivers high-quality scanned images superior to devices equipped with only a 1-Line CIS. Panasonic has incorporated its original image processing technology and fine-tuned it to provide enhanced character reproduction and whiter backgrounds. The results of this fine tuning with a 3-Line CIS delivers higher OCR accuracy and barcode recognition, increasing scanning efficiency.

- Background whitening
- First Character Enhancement
- Vertical Line Reduction

Less Maintenance
The scanner glass has a conductive coating to prevent accumulation of paper dust caused by static electricity. Since paper dust does not easily adhere to the scanning glass, lines caused by paper dust is reduced significantly while reducing the length of time between cleaning.

- Conductive coating (back side)
- Platen roller (antistatic material)

Onboard Network Scanning
Centralized device management application for remote device administration.

- Scanners can be monitored and updated over a local area network.
- Eliminates cumbersome maintenance procedures by remotely deploying software, firmware and device setting updates to one or multiple devices.

Convenient functions
- Operating status, errors and warnings can be monitored by SCMS.
- Administrators can be notified via email when a device needs attention or consumables.
- Supports batch updating and scheduling of your entire fleet of Panasonic scanners.

Preset scan mode
- LAN connection
- Push to scan to shared folder, FTP, E-mail, SharePoint and Cloud services

Network PC mode
- LAN connection
- LAN
- Push to the PC connected via LAN
- *Image Capture Plus

- KV-SS094 may be required depending on the feature to be used.
- Roller life may vary depending on the type of paper used.
