

THE ADAPTABLE POS WORKSTATION FOR RETAIL, HEALTHCARE AND FOOD SERVICE INDUSTRIES

PROTECT YOUR BUSINESS WITH MULTIPLE-OPERATING SYSTEM SUPPORT

Flexible to meet your operation's unique challenges. The Stingray4 WS has a modular design to allow multiple setups, including below counter, on counter, and hybrid configurations.

POWER AND PERFORMANCE BUNDLED INTO A SMALL-FOOTPRINT DESIGN

Realize your operation's full potential with fast processing and a vibrant widescreen display

Our adjustable height, widescreen workstation is designed with processing power in mind, with an Intel® i5 processor packed into a sleek and durable design.

ADJUSTABLE ENOUGH TO MEET YOUR OPERATION'S UNIQUE CHALLENGES

With support for multiple operating systems

Multiple-OS support means you are ready for any business challenges that may come.

DESIGNED TO FIT YOUR OPERATION

-  **Brilliant 15.6" Widescreen Display**
Ensure orders are taken accurately with a widescreen touch display
-  **Multiple Operating System Support**
Multiple operating system support can lesson risks and help you avoid unplanned end-of-life OS costs
-  **Flexible and Modular Design**
Meet your operations specific requirements with multiple configurations, including below counter, on-counter and hybrid options
-  **Easily Swappable Components**
Screen and compute modules snap into place for fast changes with minimal tools required, so you can be back online in minutes
-  **Your Innovation Partner**
Our specialized deployment and support team is ready to support your needs
