

Technology that helps drive your deliveries, while fueling your profitability

Panasonic is working with Elite EXTRA to offer a real-time, GPS dispatch management solution designed to maximize employee productivity, improve customer service, and promote efficiencies – all driven on the fully-rugged FZ-N1 mobile handheld device.

How does it work?

Elite EXTRA is an automated and integrated “traffic control center” that creates optimally sequenced routes on an interactive map, and then dispatches them to your drivers’ Panasonic FZ-N1 handheld computer.

This award-winning solution will always give you visibility of your deliveries and drivers, thereby increasing employee accountability and customer satisfaction.

Benefits

- Rugged N1 reliability, glove touch & visibility in all light levels
- Increase profitability through more efficient routes
- Deliver accountability through GPS tracking and real-time ETA calculations
- Provide real-time operational visibility
- Enhance customer relationships
- Reduce fuel and paper consumption - go green!

Features you can use:

Create and manage optimal routes from your desktop.

Dispatch stops to a smartphone or tablet.

Know where your employees and deliveries are at ALL times.

Show your customer when to expect you.

Capture signatures electronically.

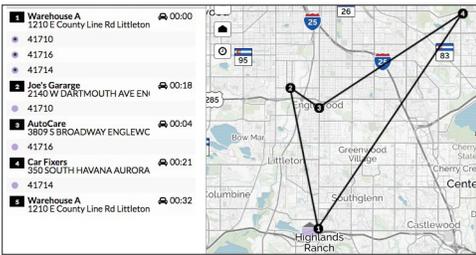

A flexible and affordable solution to help your business profit!

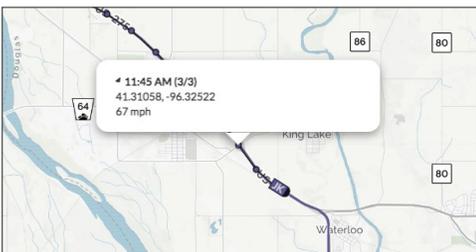

FZ-N1 Product details

Slim, lightweight, powerful, the fully-rugged handheld Panasonic Toughbook FZ-N1 is the all-in-one tool you've been waiting for. With a quad-core processor, angled rear-facing barcode scanner, warm-swappable battery, and multi-carrier 4G LTE, with voice capabilities, it's ready to go when and where work takes you today.

Panasonic and Elite EXTRA combine to offer you automated routing and tracking to ensure your dispatchers and drivers are operating at top performance. This "traffic control center" creates optimal routes and tracks drivers in real-time.

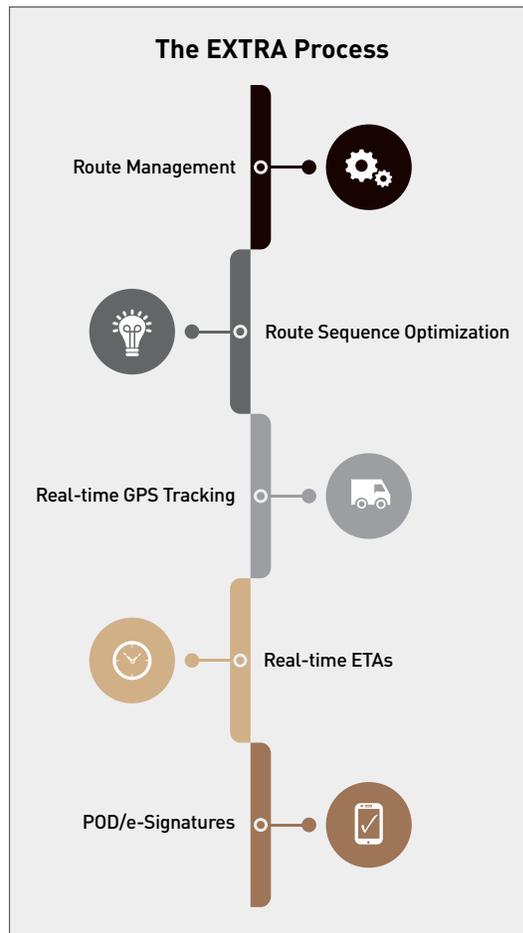

Easily create optimized routes for your drivers.

Track drivers in real-time and easily view breadcrumbs of where they have been.

Give your customers easy access to real-time ETAs!

Here are some real-life ROI examples from EXTRA users:

Cuts in Driver Expenses of up to 15%

16% Increase in Delivery Efficiency

19% Reduction in Costs

50% Improvement in Total Miles on Routes

\$4,065 Fuel Savings Monthly

EDGE

Authorized Mobility Partner
