

TOUGHBOOK N1 Tactical

THE NEXT GENERATION EUD

Tactical teams and special operators require the most reliable devices for mission planning, situational awareness (SA) and mission execution. The TOUGHBOOK N1 Tactical, next generation EUD is designed specifically for tactical environments leveraging SA applications like ATAK, KILSWITCH and HC2.

Fully Rugged and Mission-Ready Right Out of the Box

Unlike consumer grade phones, the TOUGHBOOK N1 Tactical EUD is fully rugged on arrival. The 4.7" anti-reflective daylight readable 500 NIT display features rain sensing and glove touch modes to assure that the screen can be clearly read and manipulated in any conditions. The TOUGHBOOK N1 Tactical is built to MIL-STD-810G standards and is designed to withstand extreme environments, including moisture and extreme heat. With 8 programmable buttons capable of launching any local application, launching and switching between applications is quick and easy.

CERTIFICATIONS: IP66, IP68, MIL-STD-810G and NIAP Common Criteria

DISPLAY: 4.7" high definition 1280 x 720 daylight-viewable, 10-point capacitive multi-touch display with rain sensing and glove touch modes

CPU: Qualcomm® SDM660 2.2GHz Octa-Core CPU/RAM 4GB/Flash eMMC: 64 GB

OS: Android 9 (Pie) OS with powerful Panasonic Productivity+ support and deployment/control tools

DIMENSIONS & WEIGHT: 2.9"x6.1"x0.7", 0.56 lb.

Enhanced Situational Awareness for Every Mission

Panasonic is uniquely positioned to support tactical teams and special operations with the broadest range of situational awareness (SA) mobility solutions in the industry. Our durable and reliable TOUGHBOOK N1 Tactical EUD coupled with optional PAR Government™ cloud TAK Server capabilities offers an enhanced mission-ready solution for critical communications in any environment.

Strategic Partnership: PAR Government

TeamConnect is a SaaS solution hosted in the FedRAMP compliant Amazon GovCloud that delivers next generation TAK Server capabilities. It supports federation with GOTS TAK Servers and provides an intuitive user experience allowing organizations to sign up and deploy in minutes. TeamConnect works with ATAK to provide an SA solution to communicate, push data to others and see other operators in real time.
