

## TOUGHBOOK and ProGlove Scanning Solutions

### ENABLING WORKERS TO INFLUENCE THE FUTURE OF INDUSTRY 4.0 AND DIGITAL TRANSFORMATION.

Just like TOUGHBOOK, ProGlove builds the lightest, smallest, and toughest barcode scanners in the world, with more than 500 renowned organizations across manufacturing, production, logistics and retail already using our smart workforce solutions.

TOUGHBOOK and ProGlove are innovators of data capture solutions for Industry 4.0. And together we're prioritizing human-centered design and workflows. The MARK family of wearable scanners are ergonomically designed for hands-free movement, allowing workers to focus on business-critical tasks.

## THE PROGLOVE MARK SYSTEM

### MARK 2 MID-RANGE

#### Your handheld barcode scanner replacement

Achieve maximum productivity in all applications with the Mark 2 Mid-range. Its combination of optic, haptic, and acoustic feedback reduce error rate by up to 33%, for more accurate and efficient working.

When combined with a wearable, every worker will have both hands free—so they can concentrate on other value-added work. With various integration options, the Mark 2 can adapt to your system landscape and offer immediate plug and play results. Plus, with enough battery life for 10,000 scans, this is the ideal companion for logistics and production workers.

### INDEX TRIGGER WRAP

#### Maximum freedom and flexibility

With this wearable wireless scanner, your employees' hands remain free and with full dexterity. Workflows are no longer disrupted by the need to locate and grab a traditional handheld scanner—meaning your teams are equipped to handle more.

The ProGlove Index Trigger is designed for comfort, and is compatible with the entire MARK family of scanners. Wearable on either a free hand, or over various types of work gloves, all it takes is a lateral thumb trigger to engage the scan function.

### 2-SLOT CHARGING STATION

#### Full power for multiple workstations

The charging station enables quick and easy charging for up to two scanners from the MARK family.

Ideal for workplaces where barcode scanners are distributed across individual workstations, the cradle has been designed for easy horizontal or vertical mounting, ready for post-shift charging.

A full charging cycle takes less than two hours to complete, with intuitive LED indicators to alert you when charging is complete.

Vendor/PIN#	PSSNA SKU	Description	MSRP
PROGLOVE/M006	PG-UNMRBSD3Y	Display Model—Mid-Range 1D & 2D barcode scanner (1ft–5ft) Transmission feedback (acoustic, optical, haptic) Wireless transmission (Bluetooth Low Energy) 1.54" e-ink display (high contrast, non-reflective) Battery life for up to 6000 scans 1.7 oz Bidirectional communication Wireless Firmware Update 1-year warranty	\$ 1,588.00
PROGLOVE/M003-US	PG-UNMRBMS23Y	Mid Range 1D & 2D barcode scanner (30-150cm) Transmission feedback (acoustic, optical, haptic) Wireless transmission (868 MHz, Bluetooth Low Energy) battery life for up to 6000 scans 40 grams Bidirectional communication Wireless Firmware Update	\$ 1,219.00
PROGLOVE/M004-US	PG-UNSRBMS23Y	Standard Range 1D & 2D barcode scanner (10-80cm) Transmission feedback (acoustic, optical, haptic) Wireless transmission (868 MHz, Bluetooth Low Energy) battery life for up to 6000 scans 40 grams Bidirectional communication Wireless Firmware Update	\$ 1,219.00
PROGLOVE/X001-A007	PG-UNGWUSB	ProGlove Personal Scanning Wireless Gateway with USB cable	\$ 249.00
PROGLOVE/C006-INT	PG-UNCSB	Charging Station Bundle for MARK Display, MARK 2 mid range, MARK 2 standard range, & MARK Basic Optical & acoustic feedback on charge status	\$ 230.00
