

ESSENTIAL GEAR FOR THE MODERN OFFICER

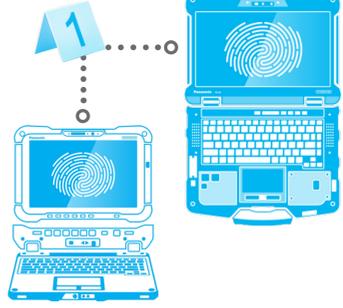

Panasonic Connect technology helps law enforcement work smarter, faster and more efficiently.

Advanced mobile technology is a must-have to help officers with enhanced productivity and maintain situational awareness. Explore how Panasonic TOUGHBOOK® rugged mobile computers, combined with our partners' industry-leading solutions, provide critical information to help law enforcement better assess risks and save time, increasing effectiveness and efficiency.

RUGGED LAPTOPS AND 2-IN-1'S

Vehicle-mounted rugged TOUGHBOOK devices provide access to agency information from multiple sources, like computer-aided dispatch, arrest records and more.

89% of law enforcement professionals want smart tools.¹

MOBILE TABLETS AND HANDHELDS

TOUGHBOOK tablets and handhelds give officers the flexibility at traffic stops to run license plate numbers, scan drivers' licenses, issue e-tickets and monitor parking violations on the spot.

84% of agencies have in-vehicle computers.²

36% provide officers with mobile tablets.²

PARTNER SOLUTIONS

Talk-to-text reporting

Officers can reduce reporting time with voice-to-text solutions customized for law enforcement, which save time, increase accuracy and enable officers to maintain better situational awareness.

45% of officers say writing incident reports drains productivity.³

Emergency management

Save time and mitigate emergency situations with emergency management solutions that offer two-way communications and notifications to police dispatch, first responders and key building personnel.

E-Citations

Issue citations and parking tickets faster with e-citation software that reduces time spent on busy roads and increases accuracy and efficiency.

50% faster ticketing time is possible using e-citation systems.⁴

Push to talk (PTT)

Pre-programmed function keys allow faster communication between select teams for swifter, more coordinated and effective responses.

Real-time platform for faster crime-solving

Access to real-time data, essential facts about incidents, crime patterns with up-to-the-minute data feeds, maps, discussions, bulletins and case management tools help keep officers informed for better community policing.

30% More than 30% of police departments don't have any record of their assets.⁵

Asset management

CORE Asset Management from Panasonic Connect is a complete web solution for real-time management of all the IT assets in your fleet, whether Panasonic-branded or otherwise.
