

A SUITE OF RETAIL & HOSPITALITY SOLUTIONS

For over 40 years, Panasonic Connect has innovated, deployed, and supported technology solutions across a wide-variety of industries. This expertise has enabled us to develop a suite of solutions that work together holistically to deliver a state-of-the-art experience for both customers and your staff.

Explore how Panasonic Connect can optimize your operation to help increase efficiency, lower costs, and give your customers an experience that will exceed their expectations.

Attune® HD Wireless Communication System

Communicate clearly with customers using industry-leading sound quality. With 4 levels of noise-canceling technology, your staff will hear customer orders—and nothing else.

Stingray® Point-of-Sale Terminals

Always be ready to take and fulfill customer orders with powerful, durable workstations available in a wide variety of configurations.

Stingray® Kiosk Terminals

Create your own unique customer experience with our state-of-the-art self-serve kiosks available in multiple screen sizes and flexible mounting options.

Mobile, Line-Busting TOUGHBOOK® Tablets

Deploying the line-busting, fully rugged TOUGHBOOK® allows employees to speed up the entire ordering process in the drive-thru lane.

One Partner. One Seamless Customer Experience.

Digital Signage

Keep your customers engaged with our easy-to-read, indoor and outdoor displays that will present your menus and special offers in real time.

Installation, Support & Maintenance

Support your technology investment with Panasonic Connect's Professional Services Group – a team of experts that is here for you 24/7/365.

CLEARVIEW Restaurant Management Software

Maximize efficiencies across your entire restaurant by utilizing our suite of back-office software solutions that offer real-time data and insightful analytics.
